

DIRTY SNOWFLAKE

COURSE DESCRIPTION

Ledges Shelter CVNP - 701 Truxell Road, Peninsula, OH 44264

The Dirty Snowflake Prediction Run kicks off The Dirty Trail Race Series in Northeast Ohio. Runners are treated to a technical (hopefully snowy!!) course in the Cuyahoga Valley National Park, starting and finishing near the LEDGES SHELTER in Boston Township. There is no need for speed to win this one! Predict closest to your actual chip time and you could win first place regardless of pace. If you promise to ditch the watches, headphones, and visible smartphones, we'll display the timing clock backwards at the finish line. Everybody loves a good surprise, especially a Dirty one.
